February News Wrap Up

From Forbes to the Australian Financial Review, expert team members have been featured far and wide. Check out these informative articles below...

Our team of experienced professionals has been featured on numerous nationally recognized publications, and we are committed to providing readers with valuable information and industry news.

Whether you are looking to stay up-to-date on the latest Cyber Security trends, interested in the team or anything else.. You'll find an article or podcast here that will get you thinking!

Forbes Australia - "Is Australia Prepared For a Catastrophic Cyber Event "

Australian Financial Review - "This Boss Loved Skydiving. Then She Took It A Step Further"

Fear & Greed Podcast - "Interview: Australia's Cyber Security Wake Up Call"

The Urban Developer - "Cyber Security: Smart Buildings a 'Hackers' Honeypot'"

Sydney Morning Herald - "Cyber skills in demand after damaging attacks"

A huge thanks to Ryan O'Kell, Head of Cyber ANZ and Charlie Hales, Managing Director APAC for always taking the time to chat with journalists and provide educational and helpful content to the public!

See you on the next wrap up!

Claudia
